VISION

Good Life Refuge's vision is to lessen the suffering of farmed animals in our community and to build strong community connections by providing sanctuary for humans and animals alike.

OUR PROGRAMS

Rescue, Rehabilitation, & Forever Home:

GLR rescues and rehabilitates farm animals who have been abandoned, neglected or are at-risk. Many of our residents come in sick, have debilitating chronic illnesses or become sick later in life due to the neglect in their earlier years. Excellence in care, quality of life, enrichment, proper nutrition and appropriate husbandry and housing are the cornerstones of this program.

Education:

Rescue alone can't solve the problem of limited space and unmatched demand for rescue of farm animals. Education is a critical component to have larger impact and evoke long term change. Currently, GLR educates the public through tours, open houses, outreach and social media. Connecting people with the animals and giving them a rich experience is crucial to our cause.

Volunteering:

GLR is mostly volunteer run. To give our volunteers an impactful experience and ample opportunities to bring their skills in, we have developed several training programs. The training programs are geared towards animal husbandry, training, and proper animal care.

Good Life Refuge's 1st Annual Barnyard Soirée Gala: *A Night for Farm Animal Friends* will be hosted at the D-Barn in Longmont, Colorado on Friday April 26, 2024 and we hope you will join us in the celebration!
